Table of Great Length, Reduced to Plain English Reading Matter, Tells an Interesting Story of Trade and Commerce.

Washington, D. C., July 11.—The recent phenomenon of an excess of imports over exports in the foreign trade of the United States in April and May, 1914, coupled with large outward shipments of gold, made interesting a table showing, in epitomized form, the commercial and financial statistics of the principal countries, compiled by the Bureau of Foreign and Domestic Commerce, Department of Commerce, and published as a part of the statistical abstract of the United States for 1913.

The state of the presence of t

exports over imports of merchandise full to overflowing, but the people are no better off than ever; in fact, it is \$12,000,000, and the aggregate excess of exports of gold and silver over imports thereof, \$1,609,000,000. In the eighty-

Under the terms of the co-operative

ture may terminate the co-operation at any time that he finds it not to be conducted in a satisfactory manner. In this way the responsibility for organizing and maintaining the work is placed upon the State, which, however, must keep its system up to a good standard of efficiency in order to bave the co-operation with the government continued. Forestry ofhiclas of the Department of Agriculture act as in coording to a pamphlet. "Lumbering of the coording to a pamphlet, "Lumbering of the c Department of Agriculture act as in-spectors to keep the department in-formed as to how the States are handling the work. Under this plan a great advance has been made in the development of efficient State sys-tems of fire protection.

Pairfux Harrison Corrects an Error and Issues a Positive Order to

The announcement has been made over the signature of President Fair-fax Harrison, of the Southern Railway Company, that his line will sell no more low, one way colonist rates from any point on the lines in Virginia and North Carolina to the West and North west. This is an announcement that should have been made long since and must have an excellent effect in en-couraging stability of population in the South. As is naturally and cor-rectly felt by President Harrison, the South offers greater opportunities than any other section for homeseekers and Among some of its people

The Land Where Puture Hardwood Timbers Will Have to Come From. Wishington, D. C., July 11.—There are some 60,000 square miles of timber standing in the Philippines, of which two-thirds is virgin forest, according to a pamphlet. "Lumbering Industry of the Philippines," just issued by the Bureau of Foreign and Donestic Commerce, of the Department of Commerce, as No. 88, of its special agents series. The commercial output of lumber has been steadily increasing, and has practically quadrupled in the last seven years, amounting to over 112,000,000 board feet in 1912.

Although the hardwood products of the Philippine forests rank with the best in the world for cabinetwork, construction, and various uses in which durability is an essential factor. COME SOULTH YOUNG MAM.
